The West New York Parking Authority suspends Street Cleaning (Alternate Side Parking) rules on government holidays and during severe weather.

After a snowfall, alternate side parking regulations will be restored as quickly as possible so that plows can begin removing snow and ice. Plowing helps clear parking lanes, helps avoid public safety issues, and returns the flow of transportation and street activity back to normal so our residents can move around and our businesses can resume operations.

Thank you for the opportunity to help make your parking experience in West New York an enjoyable one.
